PREPARATIONS TO BE MADE BEFORE COCKROACH TREATMENT:

To maximize the effectiveness of a responsible services treatment, it is important to prepare in advance.

KITCHEN:

1. Remove everything from inside upper and lower cabinets, drawers, pantry shelves and other storage areas.
2. Remove shelf paper and drawer liners.
3. Remove and stack drawers in a accessible location.
4. Remove articles from the top of upper cabinets.
5. Remove all food, preparation equipment & storage containers from the top of counters, ranges, dishwasher and walls.
6. Cover all food, dishes, and other things with sheets, blankets, or plastic.

BATHROOM:

1. Remove all items from inside medicine cabinet, counter tops, storage areas, under the sink, and be sure to cover everything with a sheet, plastic, or blanket.
2. Be sure toothbrushes and drinking containers are covered.

ALL OTHER ROOMS:

1. All bedrooms, closets, living room, laundry room, etc. will be treated to keep the roaches from running to these rooms to get away.
2. Pick up all loose articles such as clothing, toys, books, games, etc.
3. Remove fish tanks OR cover and seal with the aerator turned off.
4. Remove ALL pets from the premises.

**YOU MUST VACATE THE PREMISES FOR NO LESS THAN 2 HOURS,
